Education Group Membership

To receive regular details of all National Trust education projects and opportunities, why not take out Education Group Membership?

Education Group Membership is open to all non-profit making education groups whose pupils/students/members are in *full-time education*. The subscription rates are banded according to the nature of the organisation and the number on roll. For details of our current subscription rates see below.

An Education Group Membership card entitles its holder to bring groups (including teachers/leaders) on pre-booked education visits to properties owned by the National Trust or the National Trust for Scotland at the published opening times.

Education group members receive the Trust's membership mailings three times a year and the National Trust Education Supplement twice a year. They are also included in the Young National Trust priority mailing list.
